

Sougata Manna

3rd year BCA, Bachelor of
Computer Applications,
Brainware University

Phone: +91 – 9932157005

Email: sougatamanna9932@gmail.com

LinkedIn: <https://www.linkedin.com/in/sougata-manna-9932s>

GitHub: <https://github.com/codewithsougata>

Address: Nibeditapally, Barasat, Kolkata, West Bengal - 700125

Career Objective

Enthusiastic and detail-oriented BCA graduate with a strong foundation in programming, web development, hardware, and networking. Seeking an entry-level opportunity in software development or IT support where I can apply my technical knowledge, contribute to organizational success, and continuously enhance my professional and technical skills.

Education

2023-26	Brainware University, UGC Board CGPA: [8.87/10] BCA (Bachelor of Computer Applications)
2023	12th (Higher Secondary Education) 69% WBCHSE Board
2021	10th (Secondary Education) 72% WBBSE Board

Internships & Trainings

Aug-Oct' 25	IBM Data Science Training [Link] – Currently undergoing training by IBM in Data Science, covering data preprocessing, visualization, statistical analysis, and machine learning model development.
Jul-Aug' 25	NPTEL Certification – Python for Data Science [Link] – Completed a 4-week NPTEL course on Python for Data Science with a total score of 63/100. Gained hands-on experience in Python programming, data analysis, and visualization techniques using popular libraries.
April' 25	Attended a 1-day workshop on Cloud Computing and AWS - Unlocking the Future of Technology.

Academic Projects

Aug-Dec'25	Online Quiz Application with AI-Powered Quiz Generator [Link] – This project develops an Online Quiz Application using ReactJS and Firebase, with an AI-powered quiz generation feature. The app supports reusable React functional components, state management
------------	---

with hooks, dynamic rendering of quiz data, routing for navigation, and responsive styling. The AI generator can create custom quizzes based on user provided topics and difficulty. Persistence of quiz results is implemented using local storage (and Firebase for authenticated users).

Aug-Dec'25

Car Price Estimator & Recommendation System –

- Developed a ML-powered web application for estimating car market cost using specifications (Engine CC, HP, Torque, Fuel Type, etc.). Implemented a FastAPI backend for model inference and data retrieval, and a Streamlit frontend with interactive charts and a car comparison module.

Jan-Aug'26

Personal Portfolio Website [\[Link\]](#) -

- Developed a responsive personal portfolio using **React.js** and **Tailwind CSS**, featuring modern animations, interactive UI, reusable components, and a mobile-friendly design.

Key Skills

Customer Service and Office Skills

Relationship building

MS Word, Excel , PowerPoint

Time management, Teamwork, communication skills

Data entry, reporting , documentation

Technical Skills

Programming Languages - C, Python

Web Technologies - HTML5, CSS3, JavaScript, Node.js , Tailwind CSS, React.js, Express.js, REST api

Database Management - MySQL, MongoDB, DBMS

Tools & Technologies

Visual Studio Code, Git & GitHub, Postman (API testing), Firebase, Vercel, Render, Figma.

Additional Information

Oct' 2025

Successfully completed English Bolo, strengthening English communication skills for academic and professional use.

Hobbies: Exploring coding projects and engaging in online gaming
